

UNIVERSITY OF OREGON
College of Arts and Sciences

April 24, 2012

TO: CAS Department Heads and Program Directors
FROM: Judith Baskin, Associate Dean for Promotion & Tenure *JB*
SUBJECT: Promotion and Tenure Cases for 2013-2014

This is a reminder that departments should be starting preliminary work on cases for promotion and tenure coming up in 2013-2014.

Our office recently notified departments who have faculty required to come up for promotion and tenure in 2013-2014. If you did not receive notification, then your department does not have any cases that *require* a decision for promotion and tenure for 2013-2014. However, if you feel that this is an error, please let me know as soon as possible and be sure to copy Pauline Miller:
pcmill@uoregon.edu

Guidelines from the Provost's office are available on the Academic Affairs website at <http://academicaffairs.uoregon.edu/content/promotion-tenure-guide>. No major changes in the guidelines are anticipated for this year.

Also, please let us know if you expect anyone in your department will be coming up for **promotion to full professor** next year.
