Re: Mass Transit Tax

---

This memo is to inform you that effective with the December 31, 2014, payroll we will recommence the charging of the Mass Transit Tax component of OPE. It has not been included since the July 1, 2014, transition so that we could complete an analysis of operational issues related to the collection and remittance of these monies. That analysis is now complete.

The posted expense will be .6% of Gross Pay (the same rate as previously charged). FY15 OPE rates for budgeting included this Mass Transit Tax, so there should not be an unexpected financial impact on your unit.

BAO Payroll will also be calculating the amounts to be charged/collected for July-November payroll. You will receive further notification before that adjustment is posted.
