

# OREGON BIOENGINEERING SYMPOSIUM 2019

Inaugural meeting covering all areas of bioengineering, with an emphasis on technologies for precision health

Friday, Nov. 22

9 a.m. to 6:30 p.m.  
Oregon State University

Abstracts for oral and poster presentations should be submitted by Oct. 25. Undergraduate and graduate students are encouraged to submit poster abstracts.

Advance registration costs are \$25 (student/postdoc), \$60 (faculty), \$125 (nonacademic) through Nov. 8. Registration fees will be waived for the first 100 attendees to submit approved abstracts.

## Featured Speakers

**Tim Gardner**  
University of Oregon  
*High Precision Interfaces to Brain and Nerve*

**Elain Fu**  
Oregon State University  
*Porous Microfluidic Sensors for Field Use*

**Summer Gibbs**  
Oregon Health & Science University  
*Fluorescence Guided Surgery for Improved Clinical Outcomes*

**Matt Johnston**  
Oregon State University  
*Emerging Toolkit for Integrated Electronic Biosensors*

**Peter Jacobs**  
Oregon Health & Science University  
*Precision Drug Delivery through AI and Integrated Sensing*

**Mike Pluth**  
University of Oregon  
*Chemical Tools for Detection and Delivery of Reactive Sulfur Species*

**Oregon State**  
University

UNIVERSITY OF  
**OREGON**

OREGON  
**HEALTH & SCIENCE**  
UNIVERSITY
